We will Make March Purple for epilepsy!

Epilepsy Queensland's flagship fundraising event is Make March Purple. Part of a global movement, March is our national awareness month. On 26 March each year, people are encouraged to go purple to show their support of those living with epilepsy and to raise funds ensuring our vital services throughout Queensland continue.

Purple Day was founded in 2008 by 9-year-old Cassidy Megan of Canada. Motivated by her own struggles with epilepsy, Cassidy started Purple Day in an effort to tell everyone about epilepsy. She named the day Purple Day after the internationally recognised colour for epilepsy – lavender.

Since then, thousands of individuals, schools and workplaces have joined the campaign, wearing purple and hosting Purple Day events and promotions throughout the month of March.
